- **Personalization.** Your reception will be about you. I will meet with you for as many times as you feel necessary until you are comfortable with the music for your reception. I do not have a pre-planned play list that I use and hope you and your family/friends enjoy.

- **Dedication.** I am full time. This is my job, not a hobby. I do not have outside interferences to occupy my thoughts. Your wedding day is my wedding day so to speak.

- **Interaction.** I perform, i.e., "live" entertainment verses standing behind a table for four hours playing music. I interact with the guests to encourage participation and dancing. I also carry an extensive music library for DJ dancing.

- **Experience.** I have 18 years experience with hosting and DJing weddings (Over 800 weddings and counting!). I will be the DJ and Host for your event, not a \$300.00 employee working his way through school or as a hobby.

- **Value.** While not the cheapest in town, I feel that I deliver the best pricing on the east coast for what I provide for your reception. As for a deposit, I require only a **\$50.00 deposit** to reserve the date.

- **Professionalism** and Fun I can guarantee.

These are but a few benefits. I can provide references if needed and I have worked most of the venues in the area. I would be happy to pass along to you my **Wedding Festivals Package(Ceremony & Reception, if same location) of \$1,095.00.**

This package includes but is not limited to:

- **Unlimited hours.** I will not stop in the middle of the reception and tell you that our time is up and now you must pay an overtime rate. I do not **take breaks as a band will do and I am not limited to songs only the band can play**. I do not charge overtime rates.

No hidden fees

. Most receptions are a minimum of 4 hours. I will be there with music playing as your guests arrive and stay until the last one leaves.

- **Lighting Package** for the dance floor

- **Cordless Mics** for Toasting, etc.
- **Karaoke Library** (48,000 songs) if needed. Don't worry; I will not turn your reception into karaoke night. It is there if you want to play.
- **Set up and tear** down fees included.
- **Travel and meals** included if overnight stay is not needed.
- **Unlimited consultations.** I am available to you until we are sure of your music likes and dislikes.
- **No hidden fees!**

I would love the opportunity to work with you. I can assure you of a wonderful night of music and dancing. Should you require additional info, please do not hesitate to call. Thank you again for this opportunity.
